

## WHY ADU?

- We are a unique University in Azerbaijan where more than 20 languages are taught through various study programs.
- ADU is the first State University to apply a flexible credit system to meet the requirements of the Bologna process.
- It is the first educational institution to implement International Quality Assurance standards.
- We are the first University in Azerbaijan to implement ECTS.
- Azerbaijan University of Languages offers unique programs through international partnerships, which provide students with broad exposure to international models of education and training.

- International Exchange Programs – Join Erasmus+ and Orhun programs for a global education experience
- 3 Campuses –

Modern facilities, libraries, and research centers

- Lively Student Life – Enjoy Baku's rich nightlife, cultural events, and student communities

## Our Dual Degree Project

For the first time in the Azerbaijani education system, ADU, on its own initiative, developed a dual diploma with the University of Essex in the United Kingdom and has been cooperating with this university on a two-degree (2+2) program since 2010.

ADU has taken another important step towards international cooperation and has developed and approved a dual degree (1+1) program at the master's level with the University of Portsmouth, one of the prestigious higher education institutions in the United Kingdom. Under the new program, students studying for a master's degree at AUL will continue their first academic year at their home university, and in the second year, they will study at the University of Portsmouth and receive a diploma from both universities.
